UNIVERSITY OF CALIFORNIA, DAVIS
DEPARTMENT OF COMPUTER SCIENCE
FACULTY POSITION in MACHINE LEARNING

The Department of Computer Science at the University of California at Davis invites applications for a faculty position at the rank of Assistant or Associate Professor in Computer Science, for appointments with a start date in Spring 2017, or later. We are targeting excellent candidates in all areas of machine learning and computational linguistics, with a special emphasis on all aspects of natural language processing, information retrieval, text analytics and text mining. The campus is especially interested in candidates who can contribute to the diversity and excellence of the academic community through their research, teaching, and service.

The department and university is consistently ranked in the top fifty in the nation and is growing, with multiple hires this year and cross-disciplinary hires in related areas such as data science, network science and computational neuroscience. Consisting of 32 faculty and over 200 graduate students, the UC Davis Computer Science Department is part of the College of Engineering. The graduate group structure at Davis allows easy collaboration and student co-supervision across departments. The city of Davis is a vibrant college town with easy access to the San Francisco bay area and Sacramento, offering ample opportunities for industrial collaboration and recreation.

Candidates at the Associate level should have a strong record of publications and research funding and national recognition. Successful applicants will be expected to establish a top-quality research program and to teach both graduate and undergraduate courses. The department is particularly interested in candidates who have experience working with students from diverse backgrounds and a demonstrated commitment to improving access to higher education for disadvantaged students.

Interested persons should apply using the instructions given at:

http://www.cs.ucdavis.edu/department/employ

Applications should include a vita, a personal statement, a three or four selected publications, a diversity statement, a teaching statement, and the names of three references; candidates who wish to be considered at the Associate level should provide four references. Review of completed applications will begin January 2, 2017. The position remains open until filled.
UC Davis is responsive to the concerns of dual-career couples and offers a Partner Opportunity Program. UC Davis is an affirmative action/equal employment opportunity employer and is dedicated to recruiting a diverse faculty community. We welcome all qualified applicants to apply, including women, minorities, individuals with disabilities and veterans.
