Summer Internship

SIGMADESIGN is a fun, fast-paced engineering consulting company currently experiencing explosive growth. Serving diverse clients around the globe, we provide innovation from our headquarters in Camas, Washington, offices around the U.S., and Singapore.

We design products that exceed expectations and perform in the real world. We combine collaborative design and engineering services with prototyping, fabrication, assembly, testing and manufacturing to craft solid and appealing products for our clients. Our in-house team of creative Designers, Engineers, and Manufacturing Experts work with passion to deliver high quality deliverables. With our range of professional disciplines all under one roof, we provide integrated solutions. Collaboration results in the best, holistic project outcomes.

We are currently looking for talented and eager Interns for summer 2018.

Required Qualifications:

• Enrolled as a full-time student in an accredited college or university.
• Currently pursuing a degree in Mechanical Engineering, Electrical Engineering, Computer Science or other related engineering field.
• Completion of sophomore year or higher with a minimum 60 semester credit hours / 90 quarter credit hours by summer.
• Ability to provide your own lodging, transportation and meals during the entire tenure of the internship.
• Show leadership potential by demonstrating initiative in extra-curricular activities, school organizations, and/or employment.
• Excellent teamwork/interpersonal skills and the ability to communicate effectively. Demonstrated ability to work collaboratively, both within and outside one’s own work group.
• Culture, Curiosity, Competency and Confidence are a must.
• Demonstrate Commitment and adherence to SIGMADESIGN Core Values.
• Advanced proficiency in MS Word, Excel, Outlook and PowerPoint.
• Pass a post-offer background verification.

How to Apply:

• Step 1 - Complete the online application in full, including the submission of your Cover Letter, Resume, and at least one Letter of Recommendation from a current/former professor.
• Step 2 - Complete the Internship Questionnaire: Begin Questionnaire

Please note that once your begin the questionnaire, you must complete. There is no time allotment so please take your time answering the questions. Once submitted, your responses are considered final and cannot be changed.

***Failure to complete the application and questionnaire in full will result in automatically disqualification of candidacy***
