PROJECT ENGINEER – ELECTRICAL ENGINEERING!

Are you a highly-motivated self-starter who takes ownership, follows up, and is technically sound? Are you looking for a position where you can use your superb Project Management, Organization, and Interpersonal skills? Are you ready to advance your knowledge working in a team setting in a highly successful, supportive environment? Great opportunity for the right candidate!

We’re consulting engineers who provide Electrical Engineering services with technical expertise and excellent client satisfaction, located in Portland, OR. We are committed to a design approach that is both socially and environmentally responsible. Important to us is giving back to improve our community. We take pride in what we do, promote work in a respectful, professional, collaborative environment, and are looking for long-term team players to grow with us. Great Benefits: Health Insurance, Simple IRA, and generous PTO. Relocation assistance available.

If you are enthusiastic, want to “Be Better”, embrace a balance between family life and the workplace, AND are ready to share our vision of building a more sustainable world project by project, we want to talk with you!

Apply now to be part of our team!
