Undergraduate full-time enrollment is defined as 12 or more credit hours per term. Degree Partnership Program (DPP) students must designate OSU as their home school, register for a minimum of 6 credit hours at OSU, and meet the overall full-time enrollment requirement in combination with the designated partner school each term to be eligible to receive the award.

**\*IMPORTANT:** Please note that each year a placeholder titled “COE SSI Scholarship” will be added to your financial aid award offer. However, at the time of payment, this placeholder will be “cancelled” and a scholarship account, funded by one of our generous College of Engineering donors, will take its place in the same dollar amount. **The funding provided by the donor is the fulfillment of your College of Engineering SSI Scholarship.**
