

# TRANSFER GUIDE FOR OREGON STATE UNIVERSITY

Major Offered At:

**CORVALLIS**

**Chemeketa  
Community College**

## Civil Engineering

Civil engineers plan, design, and build the systems, technologies, and structures that life depends on. The program provides instruction in a variety of disciplines, including structural engineering, surveying, highway engineering, water resources and coastal engineering, materials engineering, transportation engineering, and infrastructure design. A degree in civil engineering prepares students to join the work force immediately after graduating — or to become an academic researcher who studies civil engineering problems.

What can you do with this major?

- Design, build, and repair bridges, highways, buildings, and transportation systems
- Design infrastructure for earthquake preparedness
- Design and build stadiums and schools
- Design systems to deliver clean water to communities and industry

## Your Bachelor's Degree (BS) in the College of Engineering

- A minimum of 180 credits are required for graduation; 60 must be upper division (300 and 400-level courses).
- A maximum of 135 credits earned at a community college may be applied toward a bachelor's degree at OSU.
- Some courses can count towards your major and the Baccalaureate Core. Advisors can assist in selection.
- More info at [cce.oregonstate.edu/content/civil-engineering](https://www.oregonstate.edu/content/civil-engineering)

## Courses Required for Civil Engineering Major

This list is comprehensive. Speak with OSU advisor for more information

| Civil Engineering Core Requirements | CCC Equivalent Course | OSU Course  | Notes   |
|-------------------------------------|-----------------------|-------------|---|
| The OSU Engineering Student         | GE 101                | ENGR 100    |   |
| Design ENGR & Problem Solving       | GE 102                | ENGR 102    |   |
| Compt. & Algorithmic Thinking       | GE 103                | ENGR 103    |   |
| CCE: Graphics & Design              | DRF 210 or EGR 248    | CCE 201     | Choose one, Available online at OSU                   |
| CCE Seminar                         | N/A                   | CCE 207     |   |
| Civil Engr: Geospatial Info & GIS   | DRF 220               | CE 202      |   |
| Statics                             | EGR 211               | ENGR 211    | Available online at OSU                               |
| Dynamics                            | EGR 212               | ENGR 212    | Available online at OSU                               |
| Strength of Materials               | EGR 213               | ENGR 213    | Available online at OSU                               |
| Differential Calculus               | MTH 251               | MTH 251     | Available online at OSU                               |
| Integral Calculus                   | MTH 252               | MTH 252     | Available online at OSU                               |
| Vector Calculus                     | MTH 254               | MTH 254     | Available online at OSU                               |
| Applied Differential Equations      | MTH 256               | MTH 256     | Available online at OSU                               |
| Intro to matrix Algebra             | MTH 253               | MTH 264     | Available online at OSU                               |
| Intro to Series                     | MTH 253               | MTH 265     | Available online at OSU                               |
| Intro to Statistics for Engineers   | ENGR 214              | ST 314 (LD) | LD = Lower Division Transfer, Available online at OSU |
| Chemistry for Engineering Majors    | CH 201                | CH 201      | Available online at OSU                               |
| Chemistry for Engineering Majors    | CH 202                | CH 202      | Available online at OSU                               |
| Laboratory for CH 202               | CH 202                | CH 205      |   |
| General Physics (Calculus)          | PH 211                | PH 211      |   |
| General Physics (Calculus)          | PH 212                | PH 212      |   |
| General Physics (Calculus)          | PH 213                | PH 213      |   |

## Courses Required for Civil Engineering Major, cont.

| Civil Engineering Core Requirements | CCC Equivalent Course | OSU Course  | Notes   |
|-------------------------------------|-----------------------|-------------|---|
| English Composition                 | WR 121                | WR 121      | Available online at OSU                                 |
| Technical Writing                   | WR 227                | WR 327 (LD) | (LD) = Lower Division Transfer, Available online at OSU |
| Public Speaking                     | COMM 111              | COMM 111    | Available online at OSU                                 |
| Argument & Critical Discourse       | COMM 112              | COMM 114    | Available online at OSU                                 |
| Intro to Microeconomics             | EC 201                | ECON 201    | Available online at OSU                                 |

## Important Notes & Resources

### Important Notes for the College of Engineering and Civil Engineering Major:

- Grade requirements: Grade of C or better in all major coursework; 2.5 Cumulative GPA; 65% of courses passed. See <https://beav.es/okz> for more information
- See a sample degree plan by searching "Civil Engineering" at [admissions.oregonstate.edu/find-your-major](https://admissions.oregonstate.edu/find-your-major)
- Other similar majors to explore: [Architectural Engineering](#), [Construction Engineering Management](#)
- To maximize course access and availability, we encourage students to begin coursework at OSU through [Degree Partnership Program](#) in Winter or Spring of 2<sup>nd</sup> year, with plans to fully begin upper division coursework at OSU in Fall of 3<sup>rd</sup> year. We encourage you to talk with an OSU advisor about your specific timeline.
- It is important to speak with CCE advisors early on, and often, to ensure correct course selection and sequencing. Schedule an appointment with an OSU CCE advisor [here!](#)

### Resources and OSU Information:

- Students do not have to complete a transfer degree in order to transfer to OSU.
  - If you've completed the Oregon AAOT, all requirements of the Baccalaureate Core are complete except for Synthesis Courses and Writing Intensive Courses.
- Preparing to apply to OSU? See admissions info: [transfer.oregonstate.edu](https://transfer.oregonstate.edu)
- Want to take classes at both OSU and an Oregon community college? Check out the Degree Partnership Program: [partnerships.oregonstate.edu/students](https://partnerships.oregonstate.edu/students)
- Schedule your OSU campus tour at [visitosu.oregonstate.edu/visit-campus](https://visitosu.oregonstate.edu/visit-campus)

## General Education Courses (called the Baccalaureate Core)

- Complete one course in each Perspective category with no more than two in the same department.
- Full listing of CCC courses that fulfill Bacc Core requirements: [admissions.oregonstate.edu/baccalaureate-core-course-equivalencies-chemeketa-community-college](https://admissions.oregonstate.edu/baccalaureate-core-course-equivalencies-chemeketa-community-college)

## Advising Contacts

Academic advisors at your community college and OSU are available to answer your questions and assist you in creating a transfer plan. **See your community college advisor first and use this Transfer Guide to help you plan.** It is important to speak with your OSU academic advisor early on, and often, to ensure correct course selection and sequencing. See [visitosu.oregonstate.edu/visit-campus](https://visitosu.oregonstate.edu/visit-campus) to schedule your personalized visit.
