Quick Facts – School of EECS @ Oregon State

- About 4,500 enrolled undergraduates
- 130+ Master’s students
- 200+ Doctoral students
- Roughly 60 tenure/tenure-track faculty
- 22 Professional society fellows
- 27 Young Investigator/Career awards
- 2 Faculty Elected to National Academy of Engineering
- Nearly $16M in research expenditures
EECS INSpiRE Affiliates Membership

Be part of the student experience year round. Leverage established programs with an annual membership.

- **Event Engagement Suite** – Choose venues that make sense for you. (See next slide.)
- **Exclusive Company Days** – You bring the team. We book the students.
- **Multiple EECS Capstones** – Stay connected to students while they finish their degree.
- **Speaking Opportunities** – Connect with your target audience via webinar series.
- **Partners Engagement Program** – INSpiRE members automatically join the College of Engineering’s Partners program at the “sponsorship” level.

School Year: Webinar Wednesdays + Company Days
EECS Student Engagement Programs

1) Student Events
   • **Webinar Wednesday** - Help students learn about your company with a quick presentation. Then the students interview you.
   • **Career Showcases** - (Virtual & Face-to-face) All online CS BS candidates including post-bacc CS.
     Postbacc students = a BS + life experience, getting a 2nd BS in computer science.
   • **Networking Nights** - Virtual connection with EECS students

2) Postings via Handshake + post in weekly school messaging.

Targeted Undergraduate Engagement

**Capstone Senior Projects**

- **Stay connected to prior interns** during the academic year. Mentor their Capstone project.
- **Like a remote internship program.** Project scope is comparable to what you would assign 1 summer intern.
- **Low risk.** No obligation to hire students.

**Center for Applied Systems and Software (CASS)**

- **Connect with top talent.** Students are in high demand for their hands-on experience by CASS partners
- **Like a remote internship.** Students work on real projects like software development, testing and hosting solutions.
OSU Honored with National Diversity and Inclusion Silver Award

• The INSIGHT Into Diversity Higher Education Excellence in Diversity (HEED) Award recognizes colleges and universities with exemplary progress in creating a diverse and inclusive campus environment.
• Oregon State is 1 of 3 universities in Oregon, and 1 of 103 honored nationally.

College of Engineering Commitment to Equity, Diversity and Inclusion

Student-Focused Philanthropy

**Student Success Fund** – Positively impact EECS student preparation + retain them to the field.

- Help EECS students from chapters like ACM-W and SHPE attend professional conferences.
- Support and expand experiential learning opportunities and facilitate career and leadership development.
- Meaningful interactions like these are shown to be influential for helping students complete a degree.
Quick Facts – School of EECS @ Oregon State

- Signature research programs in
  - artificial intelligence
  - integrated electronics
  - human computer interaction
  - energy systems + more
- Highly-ranked online computer science program
- Top-ranked robotics program
- One of the largest producers of CS degrees in the nation
- 7th largest College of Engineering in the US
