

Engineering for Bouncing Back Better (EB3) 2026: Research Experience for Undergrads

Oregon State University is hosting summer internships for undergraduate students interested in hands-on and interdisciplinary research on how the field of engineering can contribute to building resilient communities. The Engineering for Bouncing Back Better (EB3) program will award 10 fellowships of \$7,000 per student + travel and subsistence support. During the 10-week program, students will work with faculty mentors and graduate students on a specific project and develop research skills to increase graduate school opportunities.

JUN 15 - AUG 21, 2026

HIGHLIGHTS

- \$7,000 fellowship
- Field trips for site-specific fieldwork
- Workshops for professional development

IMPORTANT DATES

- Applications open Dec. 15, 2025
- Application deadline: Feb. 27, 2026

Award No. 2349752

Oregon State University
College of Engineering
