

TRANSFER GUIDE FOR OREGON STATE UNIVERSITY

Major Offered Through:

CORVALLIS

Chemeketa Community College

Construction Engineering Management

The construction engineering management program blends principles of science, engineering, and business. Students acquire the technical and managerial skills necessary to oversee major heavy and highway construction, building construction, and specialty contracting projects.

- Transform plans into roads, bridges, and buildings
- Work with civil engineers and architects to ensure successful construction projects
- Learn the latest in safer, faster, and more economical construction
- Develop management, leadership, and business

Bachelor of Science Degree (BS) in the College of Engineering

- A minimum of 180 credits are required for graduation; 60 must be upper division (300 and 400-level courses).
- A maximum of 124 credits earned at a community college may be applied toward a bachelor's degree at OSU.
- Some courses can count towards your major and the Baccalaureate Core. Advisors can assist in selection.
- OSU Catalog has a list of courses required for your major and option: catalog.oregonstate.edu
