

Greetings!

We look forward to you joining us in fall term. During your orientation, we shared information about exciting and unique College of Engineering activities scheduled for Welcome Week. While we are unable to welcome you in person, we hope you will watch this video welcome message from [Dean Scott Ashford](#). Please know that we will do all we can to ensure a successful start for you here at Oregon State University. I have listed several activities you can participate in between now and the first day of classes.

Now through Oct. 1

Technology/laptop setup: A short video by our IT staff will walk you through the process of establishing the credentials you will need to [log in to university and COE computing resources](#).

- Engineering IT staff will be available for a live chat and Zoom video conferencing session on Sept. 21 from 9 a.m. to 4:30 p.m.
- Add apps to your smartphone and make sure [Duo two-step login](#) is properly set up.

Monday, Sept. 21

- [New Student Convocation](#)

Tuesday, Sept. 22

- 10-11:30 a.m.: Strategies for Success in College Coursework ([registration online](#))
- Noon to 3 p.m.: [Engineering + Launch Event](#)
 - Noon to 1 p.m.: Keynote address and Q&A with [Patricia Walsh](#), engineer, Paralympic athlete, author, and speaker.
 - 1 to 3 p.m.: Student organization and resource fair. You will be able to chat with representatives from over 40 clubs, programs and resources in the College of Engineering.

All new residence hall occupants will receive a Beaver logo face covering as part of move-in. If you are not living in a residence hall, you can claim your own face covering starting Friday, Sept. 18, through the end of Week 1 from 9 a.m. to 5 p.m. at the College of Engineering HUB in the lobby of Johnson Hall.

The COE Student Services Office in Johnson Hall will be open 8 a.m. to noon and 1 to 5 p.m. during fall term for anyone on campus and needing assistance. All academic advising and other academic support services will be conducted fully remotely during fall term. Detailed messages about those services will come directly from your advisors or program coordinators.

We value your feedback. As incoming COE students, you have experienced many communications back and forth with Oregon State. Please [complete a brief survey](#) and let us know how we can improve. Keep an eye on your email for additional messages regarding fall term.

Sincerely,

Brett Jeter | Assistant Dean of Academic Programs
